MUHAMMAD

Full Stack Web Developer | AI-Assisted Web Development

Islamabad | hafizmuhammad123.vu@gmail.com | 03194772546 | **LinkedIn** | **Website**

PROFESSIONAL SUMMARY

Passionate and detail-oriented web developer with practical experience in developing responsive, user-friendly websites and designing visually appealing digital interfaces. Familiar with frontend development, responsive web design, and graphic design. Interested in AI-assisted website development, e-commerce management, online store operations, product listing, and digital business solutions. Experienced in creating website layouts, social media graphics, branding materials, and presentations, with an interest in using AI tools for website customization, content creation, and problem-solving. Eager to learn new technologies and develop practical digital solutions.

EDUCATION

Bachelor of Science in Computer Science (BSCS) 2022–2026
Government College University Faisalabad
CGPA: 3.03 / 4.00

F.Sc. Pre-Engineering 2019–2021
Chenab College Jhang
Marks: 748 / 1100

ACADEMIC PROJECTS

1. Car Pooling System — Final Year Project

- Developed a responsive eco-carpooling web application connecting drivers and passengers for convenient, cost-effective, and environmentally friendly travel.
- Implemented price negotiation, secure in-app chat, GPS-based ride tracking, and GPS-loss siren alerts to enhance communication and travel safety.

2. SultanHope Foundation Website

- Developed a responsive non-profit website showcasing the organization's mission, community projects, and social impact.
- Designed donation campaigns, contribution options, and service pages with a user-friendly interface to improve accessibility and supporter engagement.

3. Personal Portfolio Website

- Designed and developed a responsive personal portfolio using HTML, CSS, JavaScript, and Bootstrap.
- Showcased technical skills, academic projects, and professional information through a clean, user-friendly interface.
